Prakas No. 415 (MAFF) dated August 17, 2012 on Procedure and Standard Requirement for Registration of Agricultural Fertilizer. (L&R/Agr/Khm/2012) (Royal Gazette, Year 12, No. 90, dated December 08, 2012).

On August 2012, the Royal Government issued a Prakas on Procedure and Standard Requirement for Registration of Agriculture Fertilizers, which consists of 10 chapters and 39 articles. The purpose of this Prakas is to ensure the quality, effectiveness and safety of fertilizer in accordance to the required standard before any exports or imports.

Company registration is required for all business purpose fertilizer registration, where the non business purpose is not required. Prior the registration of agriculture fertilizers, the applicants shall request for Confirmatory Analysis and Bio-Efficacy Test at National Agricultural Testing Department or any Agricultural Testing Departments in which acknowledged by the Ministry of Agriculture, Forestry and Fishery (MAFF). In no later than 45 days, a result of the testing shall be revealed to the registrar. The registrar must fill up the application and submitted to the MAFF, which is checked by the agricultural legislation department. If success, MAFF will issue two different types of approval which are: Completion Certificate (validity for 3 years), and Temporary Certificate (validity for 1 year), and it can renew.

Legal persons and entities shall transfer of its right on fertilizer registration certificate to third party, but they must apply for the previous approval letter from MAFF as mentioned in article 29 of this Prakas. All kind of fertilizer were firstly acknowledged by MAFF, shall provide the right to protect on Bio-efficacy Test Data in period 5 years.
